**HI TECH U6S LCD  
6 BANK CHARGER**

Hi-tech iC-U6S1234LCD is OUR latest charger. iC-U6S1234-LCD has 6 individual charging channels, which is capable of charging one, two, three, four, five or six AA, AAA, C or D rechargeable batteries at a time. It supports both Ni-Cd and Ni-Mh batteries. Users can see the charging status as the charger is equipped with a LCD screen that displays the battery capacity and charging or discharging status. This charger has bad battery detection, which detects defective battery immediately when is inserted to the charger. This prevents user from charging bad and low quality batteries. It also has delta V safety control and safety timer function. With a universal 110-240V AC adapter, iC-U6S1234-LED is compatible with worldwide power current. It also comes with a car DC adapter, convenient for the user to charge batteries on the road. LIST PRICE \$79.95
